I Have A "Drug" Problem

I don't know the author of the following piece, but it was forwarded to me by a friend and I thought I would share it with the rest of you. - Steve Higginbotham).

I had a drug problem when I was a young child and it continued through my teenage years.

You see,

I was "drug" to church every Sunday morning.

I was "drug" to church every Sunday night.

I was "drug" to church every Wednesday night.

I was "drug" to Bible class every Sunday morning.

I was "drug" to Vacation Bible School.

I was also "drug" to the woodshed when I disobeyed my parents.

Those "drugs" are still in my veins, and they affect my behavior in everything I do, say, and think. They are stronger than cocaine, crack, or heroin. When you stop and think about it, maybe if our children had this "drug" problem, America would be a better place.
